

**Teaching Assistant Evaluation - Dorena Rode
Neurology, Physiology and Behavior 104L**

Question	Score 1999	Score 2000	Improvement from 1999 to 2000
Was your TA technically competent in the lab?	5.0	5.9	18%
Was your TA well prepared for lab?	5.1	6.25	23%
Was you TA well prepared in the discussion section?	5.0	5.95	19%
Were discussion sections helpful in understanding the data and concepts?	5.0	5.9	18%
Did your TA present material clearly?	4.9	5.8	18%
Was your TA enthusiastic about the material and course?	4.5	6.1	36%
Was your TA faithful in keeping office hours	NA	6.69	NA

Students were asked to score the questions on a scale of 1 to 7. Since I never missed an office hour one might conclude that 6.69 would be a perfect score. All scores in 2000 were at or above 87%.
