

## Transcript Summary of Relevant Courses

<i>Course Title</i>	<i>Grade</i>	<i>Institution</i>
<b>Physiology Related</b>		
Anatomy and Physiology	A	Cabrillo Community College
Advanced Physiology I (Cellular Physiology)	A+	UC Davis
Advanced Physiology II (Systemic Physiology)	A	UC Davis
Advanced Physiology III (Comparative and Organismal)	A+	UC Davis
Physiology of the Liver	A+	UC Davis
Endocrinology	A+	UC Davis
Immunology	A	Sonoma State University
<b>Anatomy Related</b>		
Human Anatomy	A	Cabrillo Community College
<b>Cell Biology Related</b>		
Cell Biology	A	Sonoma State University
Biochemistry (full year)	A	Sonoma State University
Biochemical Endocrinology	A+	UC Davis
<b>Biology or Botany Related</b>		
Microbiology	A	Diablo Valley Community College
Plant Physiology	Pass*	UC Santa Cruz
Horticulture	A	Cabrillo Community College
Natural History of Western America	A	Cabrillo Community College
Natural History of Insects	Pass*	UC Santa Cruz
<b>Health Professions Related</b>		
Pharmacology Toxicology	A+	UC Davis
Pharmacognosy	A	Sonoma State University
Human Development	Pass	UC Davis
Folk Medicine	A	Cabrillo Community College

\* UCSC reported class performance in written evaluations; grades were not assigned. The first line of the evaluation describes overall performance using the words: outstanding, excellent, very good, and good for passing work. My work was rated “outstanding” for the two courses listed.

In addition to the courses listed, I have spent more than 600 classroom hours in physiology, anatomy, botany, and health professions related courses taught by private individuals and schools.
